

STYLE YOUR PRODUCTS

Even at small dosage levels, **Norevo's glazing agents** provide hard or soft sugar-coated candy with a stable and long-lasting gloss. They create a protective film on the product surface and prevent the dragees from sticking together. Quick Glanz for hard and soft sugar-coated candy is composed of various natural waxes and oils and creates a brilliant gloss within a short time.

GLAZING AGENTS

FOR PAN-COATED SUGAR PRODUCTS
