

Norevo's waxes are kosher and halal-certified. Furthermore, beeswax and carnauba wax meet the ECOCERT standard and are available in EU-BIO, certified-organic quality.

WAXES

Norevo is an international supplier of **beeswax, carnauba wax and candelilla wax** with long-time experience in the procurement and production of natural raw materials.

TYPES

BEESWAX

Produced naturally by honey bees (*Apis mellifera*). Available as yellow beeswax (*Cera flava*) and bleached, white beeswax (*Cera alba*) in pastilles or slabs.

CARNAUBA WAX

Vegetable wax obtained from the leaves of the Brazilian carnauba palm (*Copernicia prunifera*). Available as flakes, pastilles or sprayed powder.

CANDELILLA WAX

Vegetable wax obtained from the leaves of the North Mexican candelilla shrub (*Euphorbia cerifera* and *Euphorbia anti-syphilitica*). Available as pastilles and sprayed powder.
